

Massive Murray Paddle Ground Crew Maps - Day Five

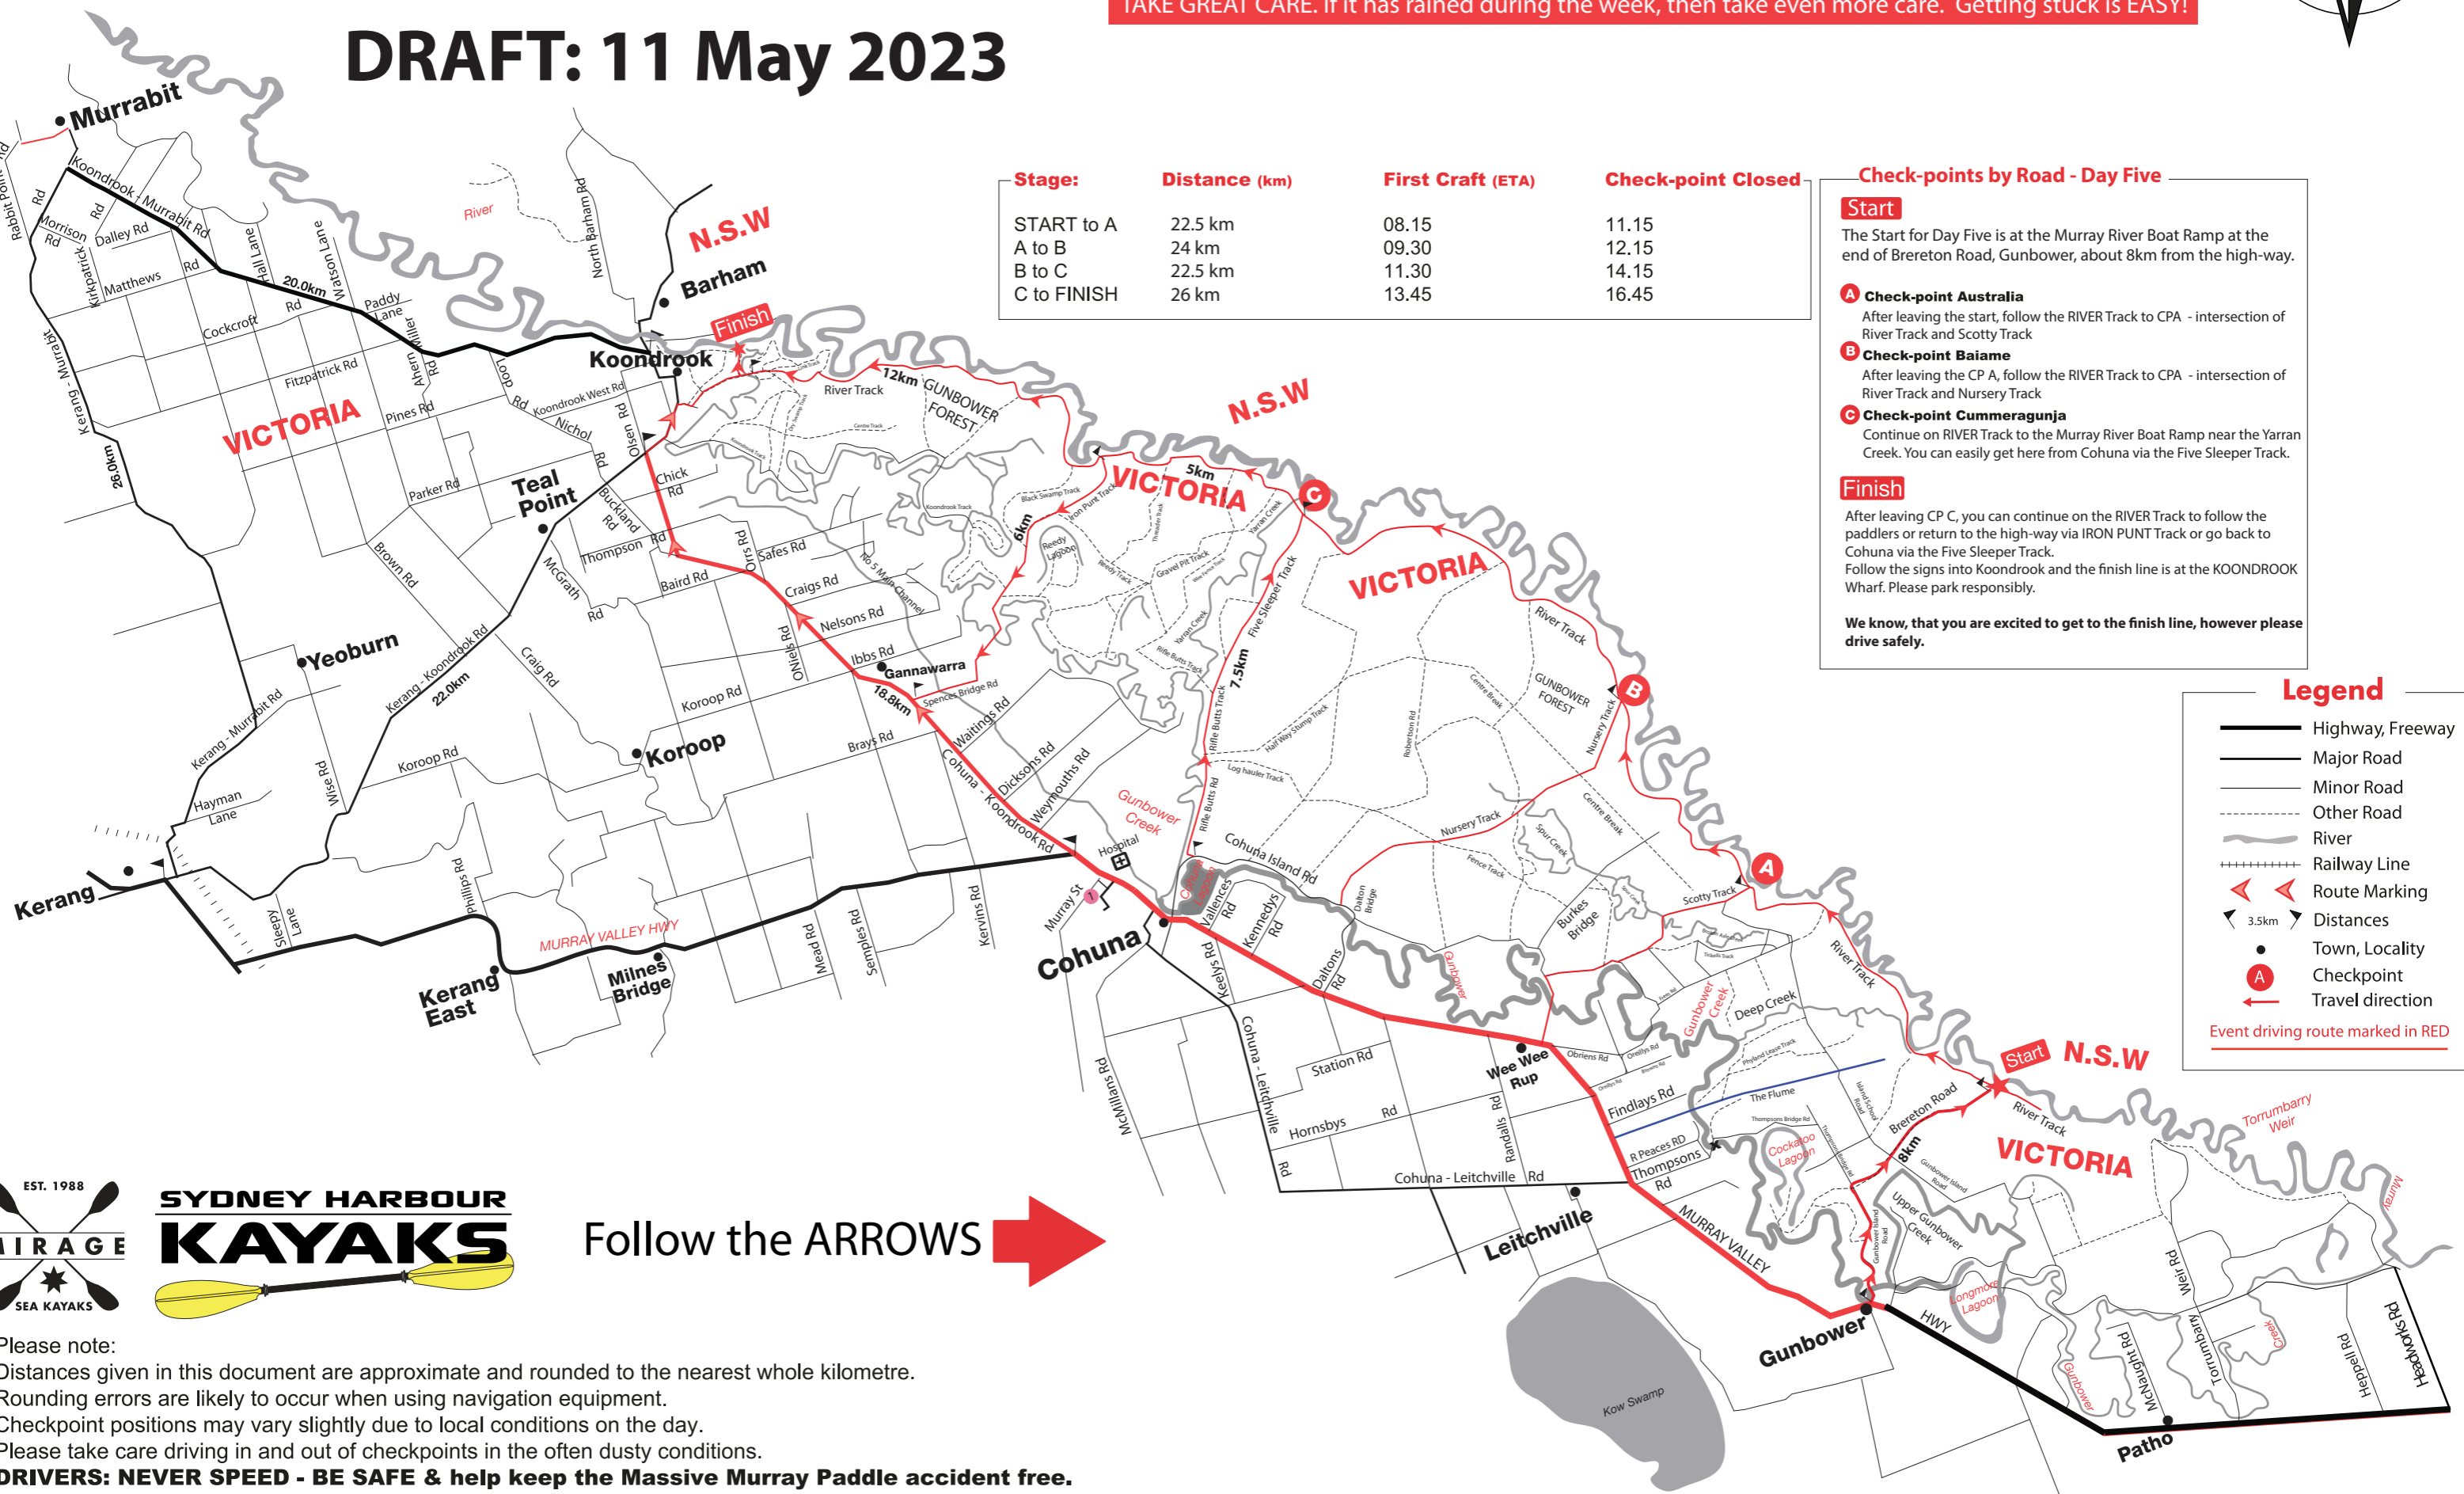

Gunbower to Koondrook

Paddlers Distance = 95km

Day Five is a long day of driving long distances on dirt tracks - The driving is slow and there is a lot of dust. It is a big responsibility for all drivers to help keep the MMP a safe race. **BE AWARE >>> SHOW LOTS OF RESPECT** for other crews and the public. We highly recommend that if you are towing a larger trailer, you should drive back to the highway and drive to the finish line, then drive back and meet your team at a check-point. The tracks in the Gunbower Forest are pot-holed. The River Track is managed and generally in an OK condition, however the side tracks can be average to poor. Only use the main marked tracks. **TAKE GREAT CARE.** If it has rained during the week, then take even more care. Getting stuck is EASY!
